# VITRA

**A strong Danish family..**

# FLAIL MOWER

This flail mower is with its strong build, made from solid quality materials, build for driving in rough areas which is usually only cut a few times a year. The mower has a working width of 1,2, 1,4 or 1,8 metres adapted specifically for Vitra, so the machines performance can be fully exploited.

As option, the mower can be equipped with hydraulic side- shifting, which gives even more flexibility and applicability- e.g. cutting beneath crash barrier etc.

The flail mower can additionally be installed with a selection of different knives, which makes the mower suitable for regular grass cutting, e.g. in sports-fields and parks.

- Standard A-frame mounting
- Floating frame mounting
- Optional Hydraulic side-shifting
- Large cutting capacity
- Height-adjustable roller
- Patented "Shark-finne" system

*The mower is built on a floating frame and equipped with adjustable support wheels in the front.*

*As an option, the mower can be shipped with hydraulic side-shifting, which gives even more flexibility.*

*With a wide selection of knives, the mower can also be used for regular grass cutting of bigger green areas.*

Manufacturer:

**Lindholdt Maskiner A/S**

Industrivej 8
