Standard A-frame

VITRA

A strong Danish family..

SNOW BLADE

This compact snow blade with flap inserts is adjusted to fit the Vitra 2030/2037 with compact measurements and ensures optimal results in hard to reach areas.

With the aggressive layout of the blade, the strong synthetic list (steel as option) and the hydraulic swing, you can fully exploit Vitras superior strength.

- Compact size and weight
- Hydraulic angle adjustment
- Low noise and high comfort
- Horizontal flex system
- Corrosion safe paint
- Rubber-suspended sliding shoe

Hydraulic swing ensures optimal angle in proportion to the working conditions.

The blade is adjusted to fit Vitra and built with flap inserts to protect from impact.

The strong synthetic list ensures a good compromise between performance, noise and durability.

Manufacturer:

Lindholdt Maskiner A/S

Industrivej 8
DK-6818 Årre

Tlf: +45 76 77 44 77

Mail: Info@lindholdt-maskiner.dk
